LISTE VERBOTENER IMPLANTATE

Diese Liste besteht aus den uns aktuell bekannten Implantatrückrufen

Issy-Les-Moulineaux, le xx/10/2021
Département Qualité
2021-10_Saline Implant

A l'attention de la Pharmacie et du
Correspondant de Matériorigilance

Information importante de sécurité

**Implants mammaires MENTOR® lisses, ronds, salins et munis d'une valve à diaphragme
Lots avec une date d'expiration comprise entre le 1^{er} janvier 2025 et le 30 septembre 2025
Rappel volontaire de certains lots**

Madame, Monsieur,

VEUILLEZ COMMUNIQUER CETTE INFORMATION A L'ENSEMBLE DU PERSONNEL SUSCEPTIBLE D'ÊTRE UTILISATEUR des Implants mammaires MENTOR®, lisses, ronds, salins et munis d'une valve à diaphragme, au sein de votre établissement ou d'autre(s) établissement(s) dans le(s)quel(s) les dispositifs auraient été transférés.

Mentor initie un rappel volontaire de certains lots d'implants mammaires MENTOR®, lisses, ronds, salins et munis d'une valve à diaphragme, dont la date d'expiration est comprise entre le 1^{er} janvier 2025 et le 30 septembre 2025. Un petit nombre de ces dispositifs, en raison d'un problème impliquant un équipement spécifique utilisé lors de la fabrication, peuvent avoir une zone potentiellement fragilisée à la base de la partie du patch de l'enveloppe où est localisée le logo Mentor et les numéros d'identification. Cela peut conduire à un dégonflement prématuré de la prothèse pour lequel une chirurgie de remplacement pourrait être nécessaire. Au 11 octobre 2021, cinq réclamations ont été reportées concernant des fuites, liées à une zone de fragilité à la base de la partie du patch de l'enveloppe, survenues pendant ou après l'opération.

Notre système de traçabilité nous indique que vous avez reçu un ou plusieurs des produits objets de ce rappel de lots. Veuillez lire attentivement cette information pour connaître les étapes à suivre pour répondre à ce rappel de lots.

Identification des produits faisant l'objet de ce rappel de lot :

Les produits objets de ce rappel de lots peuvent être identifiés dans votre stock à l'aide de la date d'expiration. Tous les implants mammaires MENTOR®, lisses, ronds, salins et munis d'une valve à diaphragme, non utilisés avec une date d'expiration comprise entre le 1^{er} janvier 2025 et le 30 septembre 2025 sont concernés par ce rappel de lots et doivent nous être retournés.

La date d'expiration peut être identifiée à l'aide de la liste des produits concernés en Annexe 1. La liste des lots distribués en France est disponible en Annexe 2. L'outil d'identification des produits est disponible en Annexe 3.

Description du produit	Code produit	GTIN	Plage de la date d'expiration	Lots distribués en France
Implants mammaires MENTOR®, lisses, ronds, salins et munis d'une valve à diaphragme (DV).	Voir Annexe 1	Voir Annexe 1	Du 1er janvier 2025 au 30 septembre 2025	Voir Annexe 2

L'impact patient potentiel :

Les patientes implantées avec des produits objets de ce rappel de lots peuvent présenter un risque accru de gonflement prématuré des implants mammaires. Toutefois, aucune chirurgie prophylactique de remplacement n'est recommandée pour ces patientes. Il n'est pas possible de déterminer si les produits implantés objets de ce rappel sont affectés par le problème de fragilité.

Veuillez continuer à suivre les patientes conformément à votre protocole postopératoire habituel. Continuez à surveiller les gonflements d'implants. Si un gonflement se produit, traitez vos patientes avec vos procédures de soins standards.

Toute patiente, implantée avec les produits objets de ce rappel de lots, présentant un gonflement d'implant mammaire doit être signalée au département qualité Mentor et les produits doivent être retournés pour analyse.

Vos actions à mener :

Vérifier votre stock afin d'identifier si vous détenez un ou plusieurs produit(s) objet de ce rappel et le(s) mettre en quarantaine.

Transmettre cette information de sécurité aux personnes appropriées de votre établissement ou autre établissement de santé à qui vous auriez transféré ces produits.

Compléter, signer et retourner le formulaire-réponse au département qualité par fax au 01.55.00.28.34 ou par email à l'adresse : ethiconqualite@its.inj.com. Compléter et retourner ce formulaire même si vous ne détenez plus de produits.

Maintenir une copie de cette notification de manière visible jusqu'à ce que les dispositifs concernés soient retournés à Johnson & Johnson Medical SAS. Une fois retournés, conserver une copie pour vos dossiers.

L'ANSM a été informée de cette information de sécurité.

Pour toute question supplémentaire sur cette notification, les professionnels de santé peuvent contacter le département d'Information Médicale Johnson & Johnson à l'adresse suivante : www.injmedicaldevices.com/mir.

Comme pour tout dispositif médical, les effets indésirables ou les problèmes de qualité rencontrés lors de l'utilisation de ces produits doivent nous être reportés.

Nous vous prions d'agréer Madame, Monsieur, l'expression de nos salutations distinguées.
